GENESIS ADVENTURE RACE Rules of Travel

1. Be nice. All racers are expected to be examples of good sportsmanship to other racers, staff, volunteers, and recreational users.
2. **Using GPS or phone or a similar device to assist with navigation is considered cheating and will result in disqualification. (tracking is allowed)**
3. Be helpful. Teams must assist fellow teams in need of medical attention. PENALTY: Penalties will be assessed for non-assistance based on the infraction.
4. Stick Together. Teams must always remain within 100 meters and within visual & verbal contact at all times. Splitting up is EXTREMELY unsafe. PENALTY: Up to Disqualification.
5. All team members must check-in together at each transition area (TA). If one member must leave the course, they must do so at a crewed checkpoint (CP) or TA and notify race management. If a team abandons a teammate out on the trail, that team will be immediately disqualified and not allowed to continue unofficially.
6. Incomplete teams may continue unranked. A single person must join another team who commits to staying with that new racer.
7. Teams must carry maps and passports for the entire race. Lost passport will only credit for CP's which are punched on the passport.
8. Teams must manually punch passports in the correct space at each CP. PENALTY: Failure to punch - the team will not receive credit for that CP.
9. Passports punched in the wrong box must indicate the passport's mistake to receive credit.
